

Brennan Bohon
Spring '24
Delta Theta
Chaplain

Brennan's Story

Hello, I am Brennan Bohon, and I hold the Chaplain position here at Zeta Theta Pike. I initiated Spring 2024 Delta Theta (ΔΘ) New Member Class. When joining our chapter, I really didn't know what to expect, of course you hear the stereotypes of what fraternities are and what they stand for and that certainly worried me, but after attending my first rush event I quickly realized the guys here were far different than the usual stereotype frat dudes. I felt like I was genuinely cared for and that these guys wanted to push me farther as a man and as a leader.

Since joining the Zeta Theta Chapter of Pi Kappa Alpha, it has been a blessing to be able to find a second family here at PIKE. The bonds I've formed here are truly amazing. From sharing experiences like charity events, brotherhood events, Bible studies, and helping other brothers get through difficult times. I've quickly come to learn that I'll always have someone to have my back because of Pike.

Being in PIKE has granted me so many opportunities to grow personally and in my leadership. I've gotten the honor to take the chaplain position and present the gospel to the men in PIKE. Having guys show up to Bible studies and be able to have meaningful conversations as young men has been so rewarding to watch and participate in. Going forward I am very excited to see how far the chapter goes and all that my brothers will achieve. I love all of these guys to death and would do anything for them.

Thank you all, and φφ.
