#### Hudson's Story

My name is Hudson Matlock, and I currently serve as the Membership Development Chair. I had the privilege of joining Pike in the fall of 2023 (ΔH), which has truly been the best decision I've ever made.

An example of what this brotherhood means to me is that this past summer, I became very ill and went into septic shock. Since I was away from home, my immediate family wasn't there to take me to the hospital. I was scared and didn't know what was going to happen. However, my brother, Kevin Torres (Spring '22), drove me to the hospital in the middle of the night while I was in critical condition, ultimately saving my life. Every day I wake up because of his actions, and I am constantly reminded of how lucky I am to be a PIKE

This is one of the many examples I could list of how our brotherhood is truly sacred. I've had the privilege of serving as our chapter Head Recruitment Chair and our Director of membership so I am constantly overseeing nervous, and shy freshmen truly finding their way with our brotherhood. I love teaching young men to be the best possible version of themselves! Every single member has a different skill set that they didn't even know that they had until they joined our fraternity.

Thank you for taking the time to read this. It is so challenging to find words to describe what Texas State Pike means to me. There's no quit in our chapter. We will continue to grow stronger every single day.
